Application

Triangle TR292 All Terrain SUV Segment in need to get-by anywhere and on all types of road conditions. Triangle A/T tire provides the rugged design to take you everywhere and ensures you of comfortable on-road performances.

TR292 open block, high stiffness design provides cross-country and high traction performances for both on-road and off-road conditions.

Product Positioning

SUV Segment

Product Features & Benefits.

- Pattern Design

Feature

Rugged Block Design Pattern

Benefit

Maximum Off-road Traction on
All Types of Terrain

Product Features & Benefits.

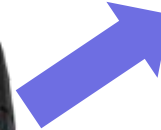

- Pattern Design

Feature

Deep Sipe and Wide Groove Design

Benefit

Good Aquaplaning and Wet Grip Performances at High Speed

Product Features & Benefits.

- Pattern Design

Feature

3D Shoulder Block Design

Benefit

Strengthen the Block Rigidity
to avoid uneven wear and
Reduce Ride Noise

Product Features & Benefits.

- Pattern Design

Feature

Four Main Rib Grooves Design
for Good Water Drainage

Benefit

Provide Good Handling and
Braking Performance on Wet
Ground

Product Features & Benefits.

- Structure Design

Feature
High Ply Turn up Carcass Structure

Benefit
Improved Sidewall Rigidity
Providing High Stability in
Cornering, Handling and
Braking as well as Increased
Impact Resistance

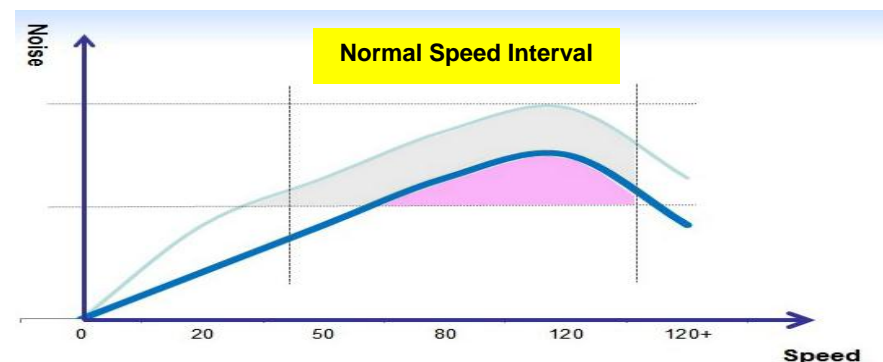

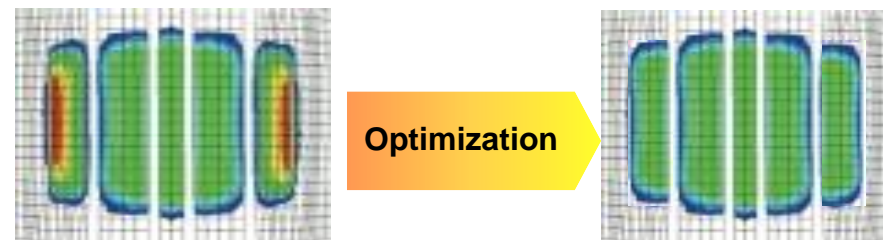

Product Features & Benefits.

- Structure Design

Feature
Optimized Belt Angle & Width

Benefit
Improved Pressure Distribution to Provide Increased Maneuverability and Reduced Noise
